

GREENVILLE UNITARIAN UNIVERSALIST FELLOWSHIP

MY LIFE STORY

The Greenville Unitarian Universalist Fellowship website contains a section with biographical sketches of members who are no longer with us. There are some wonderful life stories and some entries with just biographical facts. No one can write your life story like you can! The Fellowship Office maintains a confidential member file where you can place a folder with your life story and other information about your final wishes to assist the Minister and your family in planning a memorial service.

Though only you have the memories for an authentic life story, we have writers available to help with the writing if you prefer. Contact a member of the Memorial Garden Committee through the Fellowship Office. *If submitting information about a deceased person, permission of the family is required before publishing on the Fellowship's website.*

Suggestions to help you tell us your story:
